

# The OboeClarinetGenie™ (OCGenie™) An invention that magically relieves your sore thumb

As a professional musician or as an avid amateur, one thing that makes it less enjoyable in your lengthy playing is the noticeable pain in your right thumb, hand, arm, elbow or shoulder! When playing the **Oboe, Clarinet, Oboe d'Amore, English Horn, or Basset Clarinet**, the entire weight of about two pounds (2 lbs!) of the instrument is on your right thumb. During long playing sessions, you often need to lift this heavy weight off your right thumb temporarily, even if you want to play longer. The pressure and the pain are sometimes too unbearable.

The **OboeClarinetGenie (OCGenie)** is a breakthrough invention (US.Pat.No.7,655,853) that works like a player's secret assistant. Diligently and faithfully, it adjusts itself at every instant, reducing by a pound the weight on your thumbrest. **It lets you preserve your embouchure and accommodate all your expressive movements with the music.** It will help you to control your instrument noticeably better in the way you have learned well before; and it shall not impose any movements against your will that can jam the reed into your lips or teeth.

You do not need to disengage the **OCGenie** from your instrument between pieces or movements of music. Just remove your instrument from playing position and rest it on your knee, and the **OCGenie** will oblige. You can fully set up the **OCGenie** with your instrument in a few seconds, and go on stage elegantly in your best way, ready to play without further awkward preparation. When you initiate your playing position, the cord of the **OCGenie** will automatically adjust to the proper length. It can extend effortlessly up to 32 inches, offering you the freedom to hold the instrument intuitively in any playing or rest position.

The **OCGenie** comes with two free innovative **Thumbrest Ring Attachments** so that two of your instruments will be made ready conveniently to use the **OCGenie**, when they do not have a built-in ring. These **Ring Attachments** are designed with care to **preserve your valuable familiar feel at the thumbrest**. They can be removed easily, if necessary, with a nail clipper, and will leave your instruments exactly as they were before. The last two pictures show how the ring attachment is installed on an adjustable thumbrest and on a conventional one.

**See next page for important preliminary and routine assembly steps for use.**  
Just follow the procedures listed there to start enjoying your Oboe, Clarinet, Oboe d'Amore, Basset Clarinet, or English Horn to the fullest with your new and vanishingly discreet **OCGenie**.

## LIMITED WARRANTY

**Innovanics Corporation** makes every effort to assure that its products meet high quality and durability standards, and warrants to the original purchaser that this product is free from defects in materials and workmanship for the period of **Three years** from the date of purchase. This warranty does not apply to damage due directly or indirectly, to misuse, abuse, negligence or accidents, normal wear and tear, repairs or alterations outside our facilities, or improper installation. We shall in no event be liable for death, injuries to persons or property, or for incidental, contingent, special or consequential damages arising from the use of our product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. **This warranty is expressly in lieu of all other warranties, express or implied, including the warranties of fitness and merchantability.**

To take advantage of this warranty, the product or part must be returned to us with shipping charges prepaid. Proof of purchase date and explanation of the complaint must accompany the merchandise. If our inspection confirms the defect, we will repair or replace the product at our election or we may elect to refund the purchase price if we cannot readily and quickly provide you with a replacement. We will return repaired products at our expense, but if we determine there is no defect, or that the defect resulted from causes not within the scope of our warranty, then you must bear the cost of returning the product.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

**INCLUDED: One Cord Housing with Snap-Hook, one Neckstrap, two Thumbrest Ring Attachments.**
