

The SopranoSaxGenie™ (SopSaxGenie™)

An invention that magically
relieves your sore thumb

As a professional musician or as a student of a wind instrument, one of the things that might make you practice less isn't the repetition of playing through a piece, it's your sore thumb! When playing the **Straight Soprano Saxophone**, the entire weight of the instrument is on your right thumb: almost 3 lbs! During your playing sessions, you might need to lift the weight off your thumb temporarily, even if you want to play longer. The pressure and the pain are always too great. Now you can get the best relief.

The **SopranoSaxGenie™ (SopSaxGenie™)** is a breakthrough invention that works like a player's discreet assistant. Diligently and faithfully, it will adjust itself at every instant, relieving as much weight as possible from your thumbrest and accommodating all your expressive movements with the music. It will liberate you to best control your instrument as you have learned previously, and to avoid any unnatural movements that can jam the reed into your lips or teeth.

You do not need to disengage the **SopSaxGenie** from your instrument between pieces or movements of music. Just pull your instrument naturally to rest on your knee, and **SopSaxGenie** will oblige. You can fully set up the **SopSaxGenie** with your instrument and go on stage elegantly in your best way, ready to play without further awkward preparation. When you initiate your playing position, the cord of the **SopSaxGenie** will automatically adjust to the proper length. It can extend up to 34 inches, giving you the freedom to hold the instrument in any playing or rest position.

Free thumbrest ring attachment on a clarinet.
Applicable to Soprano Sax if needed.

Even if the thumbrest on your instrument does not have a ring, you will not have to spend for another thumbrest with a ring, or pay extra to have a ring soldered on yours. You can ask for two free thumbrest ring attachments so that two of your instruments will be conveniently ready to use the **SopSaxGenie**. These ring attachments are designed to preserve the familiar feel of your instruments at the thumbrest. They can be removed easily, and leave your instruments exactly as they were before.

The one-size-fits-all **SopSaxGenie** is proven to be a great benefit to Professionals and Amateurs alike. We hope you are happy with it and let your friends know to benefit also from it as soon as possible.

INCLUDED: One Cord Housing with Snap-hook, one Neck-strap. You will be provided two thumbrest ring attachments free of charge, if needed.

LIMITED WARRANTY

Innovanics Corporation makes every effort to assure that its products meet high quality and durability standards, and warrants to the original purchaser that this product is free from defects in materials and workmanship for the period of one year from the date of purchase. This warranty does not apply to damage due directly or indirectly, to misuse, abuse, negligence or accidents, normal wear and tear, repairs or alterations outside our facilities, or improper installation. We shall in no event be liable for death, or injuries to persons or property, or for incidental, contingent, special or consequential damages arising from the use of our product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF FITNESS AND MERCHANTABILITY.

To take advantage of this warranty, the product or part must be returned to us with shipping charges prepaid. Proof of purchase date and explanation of the complaint must accompany the merchandise. If our inspection confirms the defect, we will repair or replace the product at our election or we may elect to refund the purchase price if we cannot readily and quickly provide you with a replacement. We will return repaired products at our expense, but if we determine there is no defect, or that the defect resulted from causes not within the scope of our warranty, then you must bear the cost of returning the product.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

This product is a toy/tool for serious people only. Please keep it out of reach of small children.

OCGenie and SopSaxGenie patents pending.
